To whom it may concern

**LETTER FOR RECOMMENDATION**

It is a pleasure to write a letter of recommendation for Mr. Loeto Letty Setsile , whom I have known as his professor, final year advice and final year project co-supervisor .I have had the privilege of working closely with Mr Setsile and have witnessed his exceptional dedication, technical skills, and eagerness to embrace new challenges.

Mr. Setsile joined our institution to pursue a Degree in Computer and Telecommunications Engineering from 2019 to2024. He consistently demonstrated a strong academic performance and a keen interest in his field of study. His ability to grasp complex concepts quickly and apply them to practical problem-solving was evident in his coursework and projects.

Beyond his academic achievements, Mr. Setsile has proven to be an exceptional leader. As the class representative, he demonstrated strong organizational, communication, and interpersonal skills. His ability to build consensus and foster a collaborative environment among his peers is commendable.

Mr. Setsile is a highly motivated and results-oriented individual. He is always punctual, reliable, and possesses a strong work ethic. His innovative thinking and problem-solving abilities have contributed significantly to group projects and assignments. Furthermore, he is honest, transparent, and a team player, making him a valuable asset to any organization.

I am confident that Mr. Setsile will be a valuable addition to your team. His strong academic foundation, coupled with his leadership and interpersonal skills, make him an ideal candidate for any position requiring an analytical thinker, problem solver and team player.

Therefore, I strongly recommend Mr. Setsile for any position he may be interested in pursuing. Please do not hesitate to contact me if you require any further information.

Regards,

Prof. A. Yahya

**REFERENCE FOR MR Loeto Setsile**

Dear Sir/Madam

Mr Loeto Setsile has requested me to write a reference for him and I feel honoured to do so.

I have known Loeto since he joined BIUST to pursue his studies in Computer and Telecommunication Engineering. I taught him a number of modules including Digital Electronics and Computer Architecture Design among others. These modules rely heavily on mathematics and critical thinking. I worked very closely with Loeto as his final year project coordinator. During this time, Loeto proved that he is a hard worker whose commitment to achieving best results is not questionable.

He has demonstrated his desire to help other students in their studies. Teaching Mr Setsile was a pleasant experience. He is intelligent, resourceful, interested in learning and is self-motivated. He works with minimum supervision and has shown an ability to comprehend complex information in different circumstances which is remarkable.

I am very confident that he will perform his duties satisfactorily and to the best of his ability and knowledge. I therefore strongly recommend him any opportunity he is applying for.

Yours faithfully,

Dr Mmoloki Mangwala  
Senior Lecturer in Computer Engineering
